TODAY'S PANEL DISCUSSION

Our healthcare industry is in a constant state of change. Each year, its providers, administrators, and consumers are challenged with new regulations, new technologies, transforming points of access, and higher costs. The Summer Symposium “State of the Healthcare Industry – Panel Discussion” will discuss many of these challenges from various viewpoints – advisor for the industry, legal counsel for the industry, health system compliance officer, and hospital association leader and advocate for hospitals.

Our panel of healthcare experts will cover the following topics:

- **End of the PHE – Biggest Pains, Biggest Wins**
- **Price Transparency – Boom or Bust?**
- **AI Will Overhaul Healthcare – Fact or Fiction?**
- **Industry Consolidation**

A national healthcare advisory services firm
providing consulting, audit, and tax services
